1. On 16 October 1950, the Prinz Eugen Kaserne, Rudolstadt (M 51/J 54), was occupied by about three infantry companies, including an engineer platoon. Local residents said that two infantry components had returned from a summer camp on 16 October.
2. The troops from the Flak Kaserne still appeared to be absent from their billets. Local residents said that the AAA unit was emplaced at an unknown location.
3. The finance office building on Schwarzbürger Strasse and Sedanstrasse still housed a division headquarters. Sentries in front wore red-bordered black epaulets. Motor vehicles were never parked at the headquarters. *

Comment. The report indicates that some components of the 39th Gds Itz Rifle Div had returned to their post from the Ohrdruf troop training grounds prior to 16 October 1950. It is believed that elements of the division headquarters and probably the bulk of the units of the 39th Gds Itz Div from Rudolstadt were still out on maneuvers.
